Special Olympics BC

Special Olympics BC is dedicated to enriching the lives of individuals with intellectual disabilities through sport. The benefits from Special Olympics BC programs go well beyond the basics: Athletes experience joy and acceptance, cultivate friendships and self-confidence, and feel empowered to overcome obstacles and achieve their goals.

Special Olympics BC athletes range in age from two years and up and have the opportunity to get active in our programs or practice and compete year-round in the 18 sports and programs offered.
