Dear Parents,

In these last few weeks teachers are busy using their evenings and weekends to complete assessments, write report cards, plan year end activities, and wrap up the school year. June is a busy month, but also brings with it a sense of achievement and reward. This year has brought many wonderful things to both students and staff; new friends have been made, new activities have been experienced, and a deeper understanding of God has come into our hearts. We will all certainly enjoy rejuvenating time with our families over the summer months, and with the exception of our Gr. 7 students who are moving on to bigger and better things, will return in September to do it all again. As for you, the parents, you receive a final mark of A+ for your continued support for the school. On behalf of the entire staff, thank you for choosing Catholic education and St. Paul School.

Yours in faith,

Maureen Moorehead
Principal

“Small gestures of love, of tenderness, of care, make people feel that the Lord is with us. This is how the door of mercy opens.” Pope Francis.

No more hot lunches this year. Please make sure your child has a lunch from home on Monday, June 18th and 25th.

Last school assembly – THURSDAY, June 28th. Gr. 5 & 2 to lead.

When Parents Have Concerns – If at any time you have a concern regarding your child, a school event, a staff member, or an incident that happened, we ask that you **please come and speak with your child's teacher.** The only way that concerns can be effectively resolved is through open communication between home and school, resulting in accurate information being shared, and an informed understanding of your concern.

Planning the school year? – If you are looking for professional days, dates for school holidays, etc., our online calendar is updated to June 2018. The calendar can be accessed through the school web site at www.stpaulschool.ca.

When your Child is Sick – In anticipation of cold and flu season, we'd like to remind parents to be prudent when it comes to deciding when to keep your child home, or when to send him/her to school if he/she has just recovered from being ill. **Some basic guidelines are as follows:** 24 hours after temperature returns to normal, or after gastrointestinal illness (**vomiting/diarrhea**); contagious infections such as suspected **pink eye or strep throat**; unexplained **skin rash**; **severe cough and cold** symptoms. Exercising proper hand washing techniques is also crucial to helping prevent the spread of viruses. This will go a long way to keep our student and staff population happy and at school.
