

Presentation: UNSTOPPABLE YOU

With humour and motivation, students leave feeling like they can crush their obstacles and soar to the top! No matter where you are in life, sometimes students just need to be inspired. You have great students who just need to push their inner power. That's never easy with Bullying, Diversity, Social Media, and Fast Forward pace of today.

As an expert on Disarming Limiting Beliefs, Seen in Oprah Magazine, 30 million viral video views of her school story 2019, International Award-Winning Leader & Speaker, Decorated Athlete, TV HOST & Bestselling Author and honoured humanitarian, **Unstoppable Tracy** provides tools for resilience, determination, and ways to affect positive change to everyone around you. Tracy's verve for life and ability to overcome obstacles are immediately apparent in these keynote presentations, and her story of perseverance, courage, positivity, and commitment, challenges the misconceptions of people. **Her unique perspective as a 4-way amputee inspires all audiences** to set goals, persevere through adversity, and do what it takes to achieve success.

Tracy turns 'No' into accepted counter offers. She shares how she: Exceeded Uncertainties with deep capable belief till sailed at World Cups; Embraced Possibilities despite wipeouts in the trees on ski runs called OMG 'Oh Me Goodness'; and how she Earned Independence hanging of cliffs by sorting out the right life lines in her friends. What you focus on grows! Who you surround yourself with is who you become.

Followed by a Question and Answer that is always engaging and no one wants to end.

Learning Outcomes:

- Students will learn tools to improve resiliency and goal-setting
- Students will improve their listening, negotiating and decision-making skills

Testimonial

“Tracy’s inspiring personal story of how she has overcome barriers & her personal beliefs that anyone can make a difference and is "unstoppable", leaves your students feeling Unstoppable too!” Derek Logan, Principal, Kingsway College Private Elementary School

“Many of our kids face pretty big challenges everyday... challenges we can never imagine. Challenges that break our hearts. I think what Tracy offers them is a new perspective. They see her and they think wow... look at what she can do! And I believe that it gives them hope. It gives them hope that one day they too can do amazing things... perhaps things that neither they nor us nor anyone else has dreamt for them up until this point. And seriously... is there anything more important than that???? I don’t think so.”

Jodi Albrecht, Principal, Coronation Public School
