

Start on top
and around you go.
That's how you
make a zero!

Take a dive.
Swim around.
To make five
come back to ground.

Go straight down
and then you're done.
That's the way
to make a one.

Slide down and around
to pick up sticks.
That is the way
to make a six.

Make a candy cane
and then a shoe.
That's the way
to make a two!

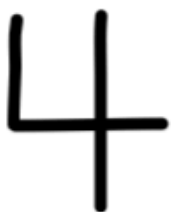

Straight across
and down from
heaven.
That is how
you make a seven!

Around a tree
Around a tree
That's the way
to make a three!

Make an S,
but don't just wait.
Come back up
to make an eight!

Down, across,
and down some more.
That is how
you make a four!

Make a loop
and then a line.
That's the way
to make a nine!
